

RAINBOW HEARTS GARLAND TUTORIAL By WOOLHALLA

Fun & colourful
Easy-to-make
Hang up & enjoy

Little rainbow hearts made into a garland bring joy and happiness

Happy sewing!

To make a Rainbow Hearts Garland you will need the following:

100% wool felt (Rainbow Tones Pack available from www.beardancecrafts.com), embroidery floss (DMC), scissors, sewing needle, string to hang (plus push-pins or tape, wool to stuff (optional), pins, measuring tape, and the printed pattern (to size, see pattern template).

The garland shown is made with 10 of the medium-sized hearts, one in each of the Rainbow Tones felt pack colours. To calculate how many hearts to make (and what size), measure the space you wish to hang the hearts in, divide by the width of the hearts, plus leave space in between hearts, and on the ends.

You can also mix & match the heart sizes (using small and larger) or colours.

Easy-to-make in a few steps:

STEP 1. Cut 2 of each heart.
STEP 2. Pin two matching hearts together. Blanket stitch around the outside edges, starting at the indent.
STEP 3. Fill with a little bit of wool (optional), and finish sewing.

RAINBOW HEARTS GARLAND TUTORIAL Continued...

STEP 4. Hang thread through each heart, knot and trim the excess thread ends

STEP 5. Lay the tape measure and string down, then start adding the hearts onto the string so that they are evenly spaced. Use the measuring tape to help with spacing. Put all the hearts on.

STEP 6. Tie loop knots in the end of the string for hanging. STEP 7. Hang it up!!

Put it in a doorway, window, on the wall...
